## SUMMARY

Fullstack web developer with a passion for crafting responsive and accessible web applications. Knowledgeable in the MERN stack (MongoDB, Express.js, React, Node.js), I bring a strong foundation in both front-end and back-end development.

Committed to delivering solutions that prioritize user experience and functionality.

## EDUCATION

- **UNC AT CHARLOTTE**  
Fullstack Web Development  
2023-2024
- **GARDNER-WEBB UNIV.**  
Bachelor's in Biology  
2012-2017

## EXPERIENCE

- **FRONT-END DEVELOPER**  
[What's Front-End Development?](#) | 2023
  - A learning application where users can learn about the fundamentals of front-end development and test their knowledge.
  - I was tasked with designing the homepage and content pages, as well as creating the homepage content.
- **FULLSTACK DEVELOPER**  
[Bizi](#) | 2023
  - A professional business card generator with login functionality.
  - I was tasked with designing the login and main content pages. I also built the front-end and back-end logic for the authentication.
- **FULLSTACK DEVELOPER**  
[CacheCabinet](#) | 2024
  - A management application where users can create collections of items of any type to aid in organization.
  - I was tasked with designing the login / register pages and building the authentication logic. I also helped build the GraphQL integration for the API.
